

About Us

- ETTiS is an electrical contracting company specialising in electrical safety & inspections.
- We service the commercial industries in the private and government sectors.
- ETTiS has extensive experience in electrical safety and our range of clients includes education facilities, health, financial institutions, councils, government departments, aged care, construction sites, retail, manufacturing and workshops.
- Our trained, licensed electricians and technicians have sound technical knowledge with ability to identify electrical risks and then repair the faulty electrical equipment onsite to comply with your safety obligations.
- We are WA owned with over 16 years of experience and reputation in the electrical industry.
- We pride ourselves on having highly trained licensed technicians and electricians.
- ETTiS is a division of Datatel Electrical & Communications Contractors (EC6606) which has been in the electrical industry in WA for over 16 years.
